

Q. Saturn Valley

Giygas has failed in his quest to stop you. You have succeeded in becoming one with the earth, and your physical and mental strength is far greater than anything any human could imagine. It's time to take the fight to Giygas now and rid the world of this evil.

Return to Onett - To power the Phase Distorter to take you to Giygas, you'll need a piece of the meteorite in Onett. Giygas sensed you needed this and deployed some of his fiercest soldiers to stop you from reaching the summit of the hill.

Ghost of Starman

Field: A spinning blue diamond

Battle: A black and purple Starman

HP: 750 PP: 462 Off: 152 Def: 170 Speed: 46 Exp: 48693

Actions: PSI Starstorm Alpha

Menacing Smile (X)

3 (X)

2 (X)

1 (X)

PSI Starstorm Omega

Notes: Giygas ripped the silicon souls of deceased Starmen, and amplified their power many times. This beast will attack in the exact order described above. It'd be wise to destroy him before he gets to Starstorm Omega, even though you could just use Lifeup Omega to stop the dying.

Evil Eye

Field: A spinning blue diamond

Battle: A pink eye with legs

HP: 720 PP: 400 Off: 141 Def: 162 Speed: 38 Exp: 46373

Weakness: Freeze

Actions: Attack *

Brainshock Omega

Glare with Eerie Eyes (Diamondize)

Notes: Not a big threat compared to the Ghost of Starman, but a nasty bugger, especially if he diamondizes you.

Mechanical Octobot

Field: A spinning blue diamond

Battle: A green sphere with tentacles

HP: 768 PP: 0 Off: 163 Def: 81 Speed: 44 Exp: 41743

Actions: Beam *

Steal

Mysterious Electric Field (?)

Notes: Compared to the other bad guys in Onett, this one's a pushover. I'm not sure what the Field does, but it hasn't worked when I've been around.

Cave to the Past - Your brain has been transferred into a robot so you could survive the journey to the past and destroy Giygas. Giygas is

naturally furious at this intrusion and has created the most powerful creatures to stop you before you get to him. You'll also meet some more Ghosts of Starman while you're here.

Nuclear Reactor Robot

Field: A spinning blue diamond

Battle: A purplish globular robot with hoses

HP: 768 PP: 0 Off: 147 Def: 176 Speed: 43 Exp: 53867

Drops: Super Bomb

Actions: Beam *

Fuel Supply (Full HP)

Notes: The second in the power robot line doesn't do anything different, but he's tougher to remove from the fight, particularly with the HP restoring.

Wild n' Wooly Shambler

Field: A spinning blue diamond

Battle: A white-shrouded purple-eyed alien

HP: 722 PP: 212 Off: 171 Def: 38 Speed: 144 Exp: 33820

Actions: Beam *

PSI Flash Beta

PSI Shield Beta

Notes: A relatively easy enemy, the more powerful phantasmic Shambler has the psychic power shield, but any smart person would save his PSI for later, so it's not a big deal.

Ultimate Octobot

Field: A spinning blue diamond

Battle: A pink sphere with tentacles

HP: 768 PP: 0 Off: 147 Def: 176 Speed: 43 Exp: 47153

Actions: Beam **

Steal

Mysterious Electric Field (?)

Notes: I still don't know what the Field does. This final product in the Octobot series is still not a big problem compared to the other enemies.

Squatter Demon

Field: A spinning blue diamond

Battle: A purple face (Boogey Tent-like)

HP: 767-774 PP: Some Off: 158 Def: 192 Exp: 48130

Weakness: Fire

Actions: Bite Hard **

Bite with Poison Fangs ** (Poison)

Hypnosis Alpha

Shield Killer

Notes: This face will remind you of your battles with the Boogey Tent way back in Threed. Despite the odd nature of this disembodied face, he's not a big threat.

Bionic Kraken

Field: A spinning blue diamond

Battle: A purple sea snake with no eyes and a big mouth

HP: 900 PP: 60 Off: 155 Def: 195 Speed: 42 Exp: 50305

Actions: Crashing Boom Bang (PSI Thunder Beta)

Breathe Fire (PSI Fire Beta)

Tornado *** (All)

Pale Green Light (Neutralizer)

Notes: This reconstructed Kraken (proof that Giygaz himself created the beast) is rare, but harsh, especially when it whips out the tornado attack. Fortunately, the BK will always face off against you alone.

Final Starman

Field: A spinning blue diamond

Battle: A pinkish-goldish Starman with spikes

HP: 840 PP: 860 Off: 178 Def: 187 Speed: 47 Exp: 61931

Actions: Menacing Smile (X)

PSI Starstorm Alpha

PSI Starstorm Omega

Healing Omega

Shield Beta

Brainshock Omega

Notes: The ultimate form of the fabled Starman series. Giygaz has pulled out all the stops in creating his greatest Starman force. The wealth of psychic attacks is bad enough, but it also comes equipped with a psychic power shield.

The Final Battle

Giygas (Devil's Machine)

Battle: A horrific tentacled beast with the face of Ness

HP: N/A PP: Tons Off: 255 Def: 255

Weakness: Brainshock

Actions: PSI Special Alpha

PSI Special Beta

Notes: The universal cosmic destroyer. Giygaz mocks you by assuming your very likeness and using your own powers. Even though I know you're itching to lay as much smack down on Giygaz as you can now, you MUST NOT ATTACK HIM. Giygaz' Devil's Machine will reflect all attacks back at your own party. Focus instead on your other target...

Heavily Armed Pokey

Battle: Pokey in a mechanical spider thingy

HP: About 2500 PP: 0 Off: 145 Def: 255

Weakness: Brainshock

Actions: Charge Forward ***

Tear Into You ***

Stinky Gas (All Off/Def Down)

Notes: A thorn in your side the entire adventure. The worst person in your neighborhood is now your worst enemy. Now, he assists Giygaz in his horrible plans, which he believes gives Giygaz the edge over you. Focus your attacks on Pokey. When you drain about 2500 HP, Pokey will turn off Giygaz' Devil's Machine, revealing his true, terrifying form.

Giygas (benign)

Battle: He's....red

HP: About 2500 PP: ??? Off: 255 Def: 255

Weakness: Brainshock

Actions: ?????? (All Fire)

?????? (All Freeze)

?????? (Thunder X 2)
?????? (Flash Omega)

Notes: The Devil's Machine served many purposes. It protected Giygas from attack. It disguised his true form. Unfortunately, it also contained him and his horrible power. Now, his power has expanded to the point where it destroyed his mind, making him, as Pokey puts it, an all-mighty idiot. The power disrupts you to the point that you can't determine what kind of attacks Giygas is using. Use all your best powers on him, now that he's no longer protected. Once you cause about 2500 damage, Pokey will come by once more to taunt you.

Giygas (final)

Battle: He's....red....and TICKED

HP: About 50000 PP: ??? Off: 255 Def: 255

Weakness: Brainsnack

Actions: ?????? (All Fire)

?????? (All Freeze)

?????? (Thunder X 2)

?????? (Flash Omega)

Notes: It's hopeless. Giygas is far too powerful to beat with just the four of you in pathetic little robot shells. Pokey knows this, too. Your only hope is to reach out across the space-time continuum. It'll take the combined prayers of all across the world to defeat Giygas. Have Paula Pray.

1st time: Dr. Andonuts, Apple Kid, and the Mr. Saturns

2nd time: The Runaway Five

3rd time: Paula's family and the Polestar Preschool

4th time: Tony, Maxwell, and the Snow Wood Boarding School

5th time: Women of Dalaam

6th time: Frank Fly

7th time: Mom, Tracy, and King

8th time: Paula's call

is absorbed
by the darkness...

9th time: A familiar person will step in and pray for Ness and his friends, even having never met them before, which will destroy Giygas.

Although you'll never be able to return to your old lives, you can rest in your broken robot shells, knowing you've saved the world...
